"El rayo" Mc. **QUEEN**
FRANCESCO

GUIA DE ARMADO

Bienvenidos al nuevo Sistema de Construcción RASTI
En este breve instructivo queremos transmitirte la manera más fácil de utilizar las Guías de Armado RASTI.
Te invitamos a que te sumes al juego en familia y que sientas la experiencia RASTI.

1

Buscá dentro de la bolsa las piezas del color y la cantidad indicadas en el **DETALLE DE PIEZAS**

Referencias DETALLE DE PIEZAS

2

Comenzá a vincular los ladrillos seleccionados en el Punto 1, observando con atención el esquema de POSICIONAMIENTO.

Referencias POSICIONAMIENTO

Plano en Voladizo
Representa la ubicación final de la pieza. Ayuda a identificar la parte que quedará en el aire sin encastrar.

Flèche de Desplazamiento
Simula la dirección de encastre.

Plano de Desplazamiento
Indica el recorrido y la posición final del ladrillo.

Flèche Ejes
Indica el posicionamiento de una pieza en la punta del eje.

Identificación de Conjuntos Armados
Se utilizan letras para identificar partes del modelo que luego se vincularán entre sí.

ICONOGRAFÍA

ATENCIÓN
Prestar atención a la información adicional.

ROTAR MODELO
Girar el modelo ubicando la base hacia arriba.

ROTAR MODELO
Girar el modelo ubicando la base hacia abajo.

GIRAR MODELO
Girar el modelo sobre su eje.

PEGADO DE STICKERS
Pegar los stickers de acuerdo a las imágenes.
